

Dear CSP/Intern,

PRE-REGISTRATION EVALUATION SURVEY

The South African Pharmacy Council (SAPC) held two workshops for Pharmacist Interns in 2020. The first workshops, focusing on Continuing Professional Development (CPD), were held in February/March 2020.

Due to the COVID-19 pandemic, the subsequent workshops, focusing on the Pre-registration Examination, were held virtually via Microsoft Teams in August 2020. The SAPC would like to hear your opinion on the workshops as part of its evaluation of the pre-registration process.

We are aware that you may be registered as a CSP, however, the feedback you provide will help us to improve future workshops. If you attended these workshops, please assist us by answering a few questions in the **Pre-Registration Evaluation Survey** found at this link: <http://bit.ly/ExamSurvey2021>

Alternatively, scan the below QR to access the survey.

Yours sincerely,

Vincent Tlala
Registrar/CEO
